Full Body Cut:

A full body haircut means that hair will be taken off the animal's body using one of the blade sizes listed below. A full body haircut includes a bath, nail trim, anal glands, ear cleaning/plucking hair from ears, and the haircut. ***There is a risk that the haircut may look choppy or uneven with some of the blade sizes due to hair texture of the animal. Animals that are matted may require special procedures and additional charges may apply.***
